website

*networking*  
*exchange*  
*growing together*  
*support*

**What else were the 10  
years for you?  
Your highlights!**

## Mandatory scope based on HIPS-NET agreement

- Issuing newsletter every two month running
- Annual workshop – 15<sup>th</sup> June 2023 ✓
- Addressing open R&D subjects and communication e.g. to the EC ✓
- Preparing a short status report running

## Additional scope (providing additional budget):

- Maintaining/renewal of layout HIPS-NET website ✓
- Maintaining contact to other groups e.g. CEN, Marcogaz ✓
- Updating HIPS-NET design (Logo, Newsletter, Imagefilm, ...) ✓

## Mandatory scope based on HIPS-NET agreement

- Issuing newsletter every two month
- Annual workshop **12.+13. June 2024?**
- Addressing open R&D subjects and communication e.g. to the EC
- Preparing a short status report

## Additional scope (depending on available budget)

- Maintaining the HIPS-NET website
- Maintaining contact to other groups e.g. CEN, Marcogaz

**Do you have requests / ideas for additional activities?**

- The network initially had the target to attract 30 partners.
- The number of HIPS-NET paying partners are **41 organisations** in the 10<sup>th</sup> year.
- EWE NETZ leaves HIPS-NET at the end of the 10th year.
- VNG AG joined HIPS-NET in 2022.
- Partner target for project year 11 is **42-44 partner**.

➔ **Base for the network is ensured.**

# HIPS-NET Members

Hydrogen in Pipeline  
Systems – NETWORK

Please let us know if there are any changes!

# Financing HIPS-NET

- **44,000 €** from last year and partly from previous years have not yet been received
- The financing of our expenses (including the meeting) are thus not completely covered, which is a difficult situation
- We are in contact with all the companies, and we know that organisational aspects are the reasons, but we need your help here

→ Please get in touch with your commercial department.

→ It is best if they contact Kristina Gebhardt directly to solve any problems with the processing.

- ◆ We gather and disseminate the latest available knowledge to improve the understanding of hydrogen/natural gas blends in pipeline systems to path the way for a successful energy transition. Our core topics are:

- ◆ Do you agree with these core topics? Is there a need for adaptation?

Do you have further questions?

Are there ideas/wishes for the future?

How can we further develop HIPS-NET to remain attractive and attract more partners?

Do you know companies who might be interested?

# Many thanks to all speakers and contributors!

# Thank you for your attention!
